

Task taxonomy – two ability families

Urban Understanding

land_use

dominant land-use class

building_height

low / mid / high-rise

urban_density

building density tier

road_type

OSM road category

road_surface

asphalt / cobble / unpaved

junction_type

signalised / roundabout / ...

green_space

vegetation presence

amenity_richness

shops, cafés, services density

transit_density

stops within 300 m

Cross-View Geolocalisation

camera_direction

which compass dir is this SV?

mismatch_binary_easy

match? (cross-city distractor)

mismatch_binary_hard

match? (same-city distractor)

mismatch_mcq_easy

pick correct SV (cross-city)

mismatch_mcq_hard

pick correct SV (same-city)
